

FIRST Robotics Team

358

Hauppauge High School

Our Robot:

- >> 117lbs. and less than 5 ft.
- >> Low center of gravity and wide base allows for easy balancing
- >> 2 speeds, 4 CIMs, 4 traction wheels, tank drive system
- >> Able to traverse bumps and bring down bridges
- >> Consistent side-shooting pneumatic catapult
- >> Belt-driven ball intake and transport with 3 balls capacity

Good luck *FIRST* teams!
